

ASPN MEET THE BOARD SERIES

ROLE: Vice President

Sonja is the Director of the Foster Grandparent Program in SE Nebraska, covering 12 counties for over 15 years. The program was the first program in the State of Nebraska starting in 1972. She is a Certified Community Action Professional and an active member of the Nebraska Senior Service Corps Association.

She has a love for the program and all it stands for. " I feel it is our job to advocate for those who can't advocate for themselves and in this role I love the fact that we are helping two generations- the young and the old. In my opinion, this is no program better that can change lives for the better."
