

ASPN MEET THE BOARD SERIES

ROLE: At Large Representative

Carol Ayars is the AmeriCorps Seniors Programs Manager at Senior Connections, The Capital Area Agency on Aging. Carol loves to share her passion of working with volunteers. She understands what volunteers want because she is a volunteer herself and has been since she was a young child. She is especially passionate about reaching those who could fall through the cracks without someone who cares about them being involved in their life. Foster Grandparents and the children they serve are often ones that fall through the crack.
