

ASP MEET THE BOARD SERIES

ROLE: At Large Representative

Dee has been serving the Senior Companion Program for five years in the Western North Carolina region. She is very interested and energized by our "larger" AmeriCorps relationship and structure as it pertains to our daily operations and believes our partnership is vital to all the volunteers, volunteer stations and sponsorship of AmeriCorps Senior programs. Dee is passionate in being a leader in mentoring/supporting new programs/directors, continuing to create a safe space to offer ideas along with sharing programs, connecting our network members, and advocating for the continued support of these programs.
